Purpose and Summary

H.R. 6062 reauthorizes the Edward Byrne Memorial Justice Assistance Grant (Byrne JAG) program at \$800 million per year for fiscal years 2013 through 2017.

Background and Need for the Legislation

The Byrne JAG program was created by the Violence Against Women and Department of Justice Reauthorization Act of 2005 (P.L. 109–162), which combined two existing programs—the Edward Byrne Memorial Formula Grant and the Local Law Enforcement Block Grant—into a single criminal justice grant program to the states and local governments. Byrne JAG has seven broad program purposes: law enforcement programs; prosecution and court programs; prevention and education programs; corrections and community corrections programs; drug treatment and enforcement programs; planning, evaluation, and technology improvement programs; and crime victim and witness programs (other than compensation).¹ These program areas are broadly written with the intent of providing the states and localities with a large amount of flexibility to determine how the grant money is spent.²

The Byrne JAG program is administered by the Justice Department’s Office of Justice Programs, and provides Federal grant funds to all 50 states, the District of Columbia, Puerto Rico, Guam, the Virgin Islands, America Samoa, and the Northern Mariana Islands. Byrne JAG provides funding to states through a formula based on each state’s population and crime rate.³ Each state is statutorily authorized to receive a minimum amount of funding, set at 0.25 percent of the total annual funding.⁴ Forty percent of a state’s allocation is directly awarded to units of local government.⁵ These funds are distributed based on the localities’ relative portion of their state’s violent crime, as reported to the FBI’s Uniform Crime Report.

The remaining funds that not awarded directly to units of local government are administered by the state, and must be distributed to state police departments that provide criminal justice services to units of local government. Each state is also required to “pass through” an additional percentage of the funds directly awarded to the state. The pass-through percentage, often referred to as the “variable pass through,” is calculated as the ratio of the total amount of expenditures on criminal justice by the state itself for the most recent fiscal year as compared to the total amount of expenditures on criminal justice by both the state and all units of local government.⁶

Byrne JAG is authorized through the end of fiscal year 2012 at \$1.095 billion a year. The program was appropriated at approximately \$430 million for fiscal year 2011 and approximately \$470 million for fiscal year 2012, although \$100 million of the 2012 funds were a one-time set aside for expenses related to the presidential nomination conventions.

¹ 42 U.S.C. § 3751(a).

² Byrne JAG funds can be spent in many different ways to address evolving criminal justice issues and technologies. For example, these funds can be spent to investigate and prosecute cold cases based on the recent advancements in DNA technology.

³ The District of Columbia, Puerto Rico, the Virgin Islands, and Guam are all treated as states under Byrne JAG. Current law, however, mandates that the Northern Marianas Islands and American Samoa be treated collectively as one state for purposes of the formula, with the Northern Marianas Islands receiving 33 percent and American Samoa receiving 67 percent of this amount.

⁴ 42 U.S.C. § 3755(a)(1–2).

⁵ 42 U.S.C. § 3755(b).

⁶ 42 U.S.C. § 3755(c).

Committee Oversight Findings

In compliance with clause 3(c)(1) of rule XIII of the Rules of the House of Representatives, the Committee advises that the findings and recommendations of the Committee, based on oversight activities under clause 2(b)(1) of rule X of the Rules of the House of Representatives, are incorporated in the descriptive portions of this report.

Ranking Member

H.R. 6062—Edward Byrne Memorial Justice Assistance Grant Program Reauthorization Act of 2012.

As ordered reported by the House Committee on the Judiciary
on July 18, 2012.

SUMMARY

H.R. 6062 would authorize the appropriation of \$800 million annually over the 2013–2017 period for the Edward Byrne Memorial Justice Assistance Grant program in the Department of Justice. (In 2012, the Congress appropriated \$470 million for such grants, which support criminal justice systems at the State, local, and tribal level.)

Assuming appropriation of the authorized amounts, CBO estimates that implementing H.R. 6062 would cost about \$2.7 billion over the 2013–2017 period and \$1.3 billion in subsequent years. Pay-as-you-go procedures do not apply to this legislation because it would not affect direct spending or revenues.

H.R. 6062 contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act (UMRA).

ESTIMATED COST TO THE FEDERAL GOVERNMENT

The estimated budgetary impact of H.R. 6062 is shown in the following table. CBO assumes that the authorized amounts will be appropriated near the start of each fiscal year and that outlays will follow the historical rate of spending for these activities. The costs of this legislation fall within budget function 750 (administration of justice).

By Fiscal Year, in Millions of Dollars

	2013	2014	2015	2016	2017	2013–2017
CHANGES IN SPENDING SUBJECT TO APPROPRIATION						
Authorization Level	800	800	800	800	800	4,000
Estimated Outlays	176	416	576	696	800	2,664

PAY-AS-YOU-GO CONSIDERATIONS:

None.

INTERGOVERNMENTAL AND PRIVATE-SECTOR IMPACT

H.R. 6062 contains no intergovernmental or private-sector mandates as defined in UMRA. Assuming appropriation of the authorized amounts, State, local, and tribal governments would receive \$4 billion for law enforcement programs. Any costs to those governments would be incurred voluntarily as a condition of receiving Federal assistance.
